

Curriculum Vitae

David Ramiro Justo

Web & Software Developer

Professional Experience

- IT Consulting Internship / 2011**

Supporter-Team GmbH – Internship as service technician and IT consultant in an Apple Premium Reseller certified IT service business for Macintosh and iPhone products. My range of duty included pre- and after-sale service and consulting as well as system integration.

- Web Developer & Project Manager / 2014 - 2019**

Agentur Denkwunder GmbH – My core responsibilities were front-end development, content management with WordPress and TYPO3, project management and search engine optimization.

- Junior Software Developer / since 2020**

Volkswagen AG – Currently employed full-time at Volkswagen AG's Fakultät 73 as a junior software developer. Within this qualification program I am trained in various skills related to software development, so that after two years I can be employed in a suitable corporate division.

Qualification

- Friedrichsymnasium Kassel / 2005 to 2013**

Acquisition of the general university entrance qualification with the honours courses English and French

- Training – Frontendmasters / 2015 - 2016**

Front-End Development & JavaScript Classes
Courses taken (among others): **Intermediate React** by Brian Hold, **JavaScript: The New Hard Parts** by Will Sentance and **Introduction to Web Development** by Nina Zakharenko

- Scholarship – Google Developer Challenge Scholarship / 2017**

Front-End Web Developer Track – Three month scholarship with focus on HTML, CSS, JavaScript and jQuery.

- Certification – HarvardX / 2018 - 2019**

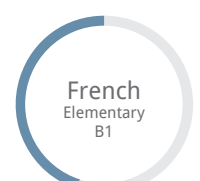

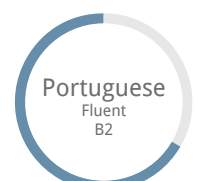

CS50 – Online certification from Harvard University with focus on algorithms and efficient programming using C, Python and SQL as well as web development. Development of a web app as final exam.
